Short Responses – Part A

Parents/Guardians may assist in the preparation of the following section.

List any academic awards or other achievements of which you/your student are particularly proud. Include dates of awards/achievements.

List your child's participation in activities or programs that occur outside of the regular school day. Examples would include participation in athletic teams; involvement in music or performing arts activities, and/or participation in organized clubs or programs (e.g., Girl Scouts, Boy Scouts, Choir/Chorus, etc.)

Describe your child's favorite pursuits outside of school while "winding down." These should not be organized and/or group activities such as those described above, but instead may include individual activities like reading, drawing, gaming, play-acting, etc. We would like to get a sense of your child as you know and experience him or her at home.
